The Third Day - Living the Resurrection by Tom Berlin

Tom Berlin uses his gifts of storytelling and understanding the Scriptures to connect the reader to the experiences of several individuals around Jesus in his final days. The book focuses on new life and redemption rather than loss.

There are stories of Mary Magdalene, Simon Peter, Thomas, the disciples on the Road to Emmaus, Paul and Jesus.

This is a book about how the resurrection of Jesus Christ profoundly changed the lives of those who followed him and how it can transform ours as well. The first disciples were blown off course when Jesus was crucified. Some thought their journey had ended. Others went back to their old lives, no longer able to navigate in the places Jesus had taken them. The experience of the Resurrection is what put them back on course. It reoriented their lives and enabled them to go places and do things they never imagined.

Jesus' first followers had these experiences, and so do we. This is why the resurrection of Christ and the new life he demonstrated each time he appeared to them transformed their lives. The Resurrection offered Jesus' disciples hope, new life, and the assurance that God is present not only in our brightest moments but also our darkest, including the consideration of our own mortality. The Resurrection dispels fear. It resolves anxiety. In the darkness that shrouds death, the light of the Resurrection shines.
